

DÉPOSIT POWER

Lender Update

With the Corona Virus currently impacting usual operations of many businesses, we wanted you to know Deposit Power are open for business 24/7 with our online system where you can apply and secure a decision online in real time.

In these 'COVID-19' times, to avoid the need of meeting with a client to get an application form signed, you can also take advantage of our paperless and signatureless application process for short term guarantees.

Deposit Power continues to operate from our offices in George Street, Sydney with some staff attending the office and others working from home.

If you need support or have any queries, please contact us on our helpline 1800 678 979.
