Advance

Turnaround times are based on quality applications submitted, in line with the submission checklist provided for each product available in the Services tab, under Documents in Mercury. Turnaround times are calculated on the average time-frame between an application passing quality control and when an underwriter provides the first decision response.

Get accredited

Getting accredited with Connective Home Loans is easy. Visit the Services tab in Mercury to get underway today.

Chat to our BDMs

Have a question? Contact your local BDM who will ensure the Connective Home Loans experience is great for both you and your clients.
